

Ansty Ladies CC

Girls Cricket Sessions

Want to give playing cricket a go?

Ansty Ladies are based at Ansty, providing cricket for women and girls across the area. We have a well-established Women's & Girls setup and we play matches throughout the summer. During the winter, we are running indoor cricket sessions. Our sessions have female level II coaches, who are all players, and they bring their technical skills and playing experience together to produce fun sessions, so the girls learn, whilst having fun! Girls of any ability are very welcome, those who have played before, and those totally new to cricket. All cricket equipment is provided. The sessions give the girls the chance to learn a new sport whilst having fun in a no pressure environment. Full details are below, It costs nothing for a taster session, so come on down and give it a go and have some FUN!!!

Girls Cricket Sessions
